Royal Household

Plastic Products

Sturdy Design Promise of durability

Royal Industries further diversified its portfolio by foraying into the category of polymer-based accessories for the bathroom, kitchen, agri and even waste collection like plastic dustbins. Tailor-made to almost every need of every family, Royal household plastics are made from premium and quality food-grade plastic to ensure zero toxins entering your system. What's more, in line with the quality of our water storage tanks, Royal household plastic products are also very strong and durable. Everyone knows how easily plastic products in the bathroom and kitchen get damaged due to frequent and often intensive use. Royal promises quality that makes these daily-use items last very long and that is what makes us the best household items manufacturer.

Royal brings to you the best household plastic products, not only do you enjoy outstanding quality products but also keep intact the aesthetics and style quotient of your house. Designed to match your tastes and preferences, our range of bath, kitchen, agri and waste accessories come in a variety of bright and shining colours, designs and sizes. From a wide range of bath accessories like buckets, mugs, tubs, drums, soap cases, bath stools to kitchen accessories across different use cases like jugs, storage cases, lotas, jaalis, basins, baskets and more, you will find every household plastic accessory at this one-stop-shop. Not just household needs, Royal Agri product range consisting of plastic taslas and milk buckets has a rigid construction of food-grade plastic with smooth finishing. Easy to wash and reliable, they are the promise of durability one needs.
